

MISSION STATEMENT

STREET AND HIGHWAY WORKERS ADVISORY COMMITTEE

The mission of the Council 40 Street and Highway Workers Advisory Committee is to foster improvement in the job security, job safety, and economic well-being of our members in street and highway department bargaining units.

The Committee is established to accomplish the following:

- To foster improvements in vital communication among affiliated Local Unions of street and highway department workers.
- To foster greater involvement in the political and legislative process.
- To increase awareness of the importance of coordinated collective bargaining among affiliated Local Unions.
- To develop educational and training programs to address the job security and job health and safety needs of street and highway department members.
- To establish effective coalitions with other organizations or groups which share similar concerns.
